ABOUT

- The main purpose of the **Bird's Eye View of the Quran** is to present brief summaries of the Quran page by page. Some of the benefits are:
 - You can learn the general message of the Quran page by page
 - You can remember the key messages of the verse or group of verses while reciting
 - It can generate further interest in learning and understanding the Quran
 - It can be a Daur-e-Quran (going over the brief message of the entire Quran in 26 sessions) which is valuable particularly in Ramadan.
- Some details of the methodology are:
 - 15-line Quran is used, a soft copy of which can downloaded here
 - Verses on each page are grouped based on a common message and the key pointers¹ and some obvious lessons where possible are highlighted on the side. However, for detailed explanations, you should refer to translations and tafseer books.
 - The sessions are divided into 26 parts and each part is presented separately, other parts are available at www.fussilat.com.
 - Visit www.understandguran.com to understand the Quran The Easy Way
 - Every effort was made to ensure this work is free of errors. If a mistake or shortcoming is identified, please notify us and help make this presentation error free.

¹ Pointers are a general indication of the key meanings in the verses and do not necessarily capture every message, but give a general idea
