ABOUT

- * The main purpose of the Bird's Eye View of the Quran is to present brief summaries of the Quran page by page. Some of the benefits are:
 - You can learn the general message of the Quran page by page
 - * You can remember the key message of the verse or group of verses while reciting
 - * This can generate further interest in learning and understanding the Quran
 - * It can be use for a Daur-e-Quran (going over the brief message of the entire Quran in 26 sessions) which is valuable, particularly in Ramadan.
- Some details of the methodology are:
 - * 15-line Quran is used, a soft copy of which can downloaded here
 - * Verses on each page are grouped based on a common message and the key pointers and some obvious lessons where possible are highlighted on the side. However, for detailed explanations, you should refer to translations and tafsir books.
 - The sessions are divided into 26 parts and each part is presented separately.
- For any corrections or suggestions, please contact mujtaba.shareef@gmail.com
